

Voices.com Listed as One of Canada's Top Small & Medium Employers of 2019

(London, Ontario) April 12th, 2019 - Voices.com, the largest online marketplace for voice over and audio production services in the world, has been listed as one of Canada's Top Small & Medium Business Employers of 2019 by Mediacorp. As the only London-based company on the list, Voices.com is proud to represent its hometown and is honoured to receive this award for the second time.

Companies receiving this recognition have been evaluated in eight areas: Physical Workplace; Work Atmosphere & Social; Health, Financial & Family Benefits; Vacation & Time Off; Employee Communications; Performance Management; Training & Skills Development; and Community Involvement.

"Investing in our colleagues is the only way for us to be successful," says Ann Walton, Director of Operations at Voices.com. "We strive to put our people first in an industry that is constantly changing and evolving, and will continue working to ensure that Voices.com remains a Top Small & Medium Employer in the eyes of those who matter most: our employees."

With Small & Medium Enterprises (SMEs) responsible for more than half of Canada's GDP, over 90% of the private-sector labour force, and more than 95% of new jobs created in the past decade, Canada's SME sector is vastly important to the nation's overall success.

"The companies that make this list are fast-growing employers that need to innovate rapidly," says Richard Yerema, Managing Editor of the *Canada's Top 100 Employers* project. "Some have doubled in size over the past year, but all of them are looking for new ways to attract the best and brightest employees so they can keep growing. Many compete in high technology fields, where the race to scale-up isn't just a matter of ambition - it's a matter of survival."

With a focus on employee satisfaction, Voices.com has been named to [similar lists](#) in the past.
