

## Scott McFadzean's Vision for the airport:

- Build on a Strong Foundation
- Airport of Choice West of YYZ
- Increase Airline Service
- Develop Aviation Training Campus
- Create Ontario Aerospace Hub
- Grow Cargo Opportunities
- Maximize Passenger Experience
- Accelerate Land Development
- Give Back to Our Community

## WE LOVE ULTRA-LOW FARES!

At the start of June, we welcomed back Swoop Airlines with their 4x weekly direct route from YXU to YEG - Edmonton, AB! Winter schedule is in discussion.

We're thrilled to announce our newest airline, Flair! They begin flying out of YXU this December with weekly flights directly to Tucson, Arizona! Book your ticket now!

**220,000** = our projected number of passengers for 2022

starting dec 5, 2022 at  
**\$99**  
per person, one way

[flyflair.com](http://flyflair.com)

West Jet has 3x daily direct flights to YYZ, Toronto and daily direct to YYC, Calgary.

Air Canada has 4x daily direct flights to YYZ, Toronto

## Runway Project

The construction on our main runway is now 50% completed! In order to restore this runway, the old runway surface was milled up and a fresh layer of new asphalt was laid down. We are also replacing all of the runway edge lights and approach lights. When the work is complete (end of September), this new runway should last us through 2040 and beyond!

**Coco Paving**

Air Cargo activity has soared with over 330 flights so far in 2022, an increase of 185% from our strongest year in the past 5 years.

**London Air Cargo**

## go team!

Our rock star staff work so hard to keep our airport looking it's best and running smoothly! Thank you team!

## AIRSHOW LONDON IS BACK!

September 9, 10, and 11, 2022 London's award winning airshow is returning the skies with some fan favorites and a few surprises. The US Air Force F22 Raptor Demo Team, the Canadian Forces Snowbirds and CF-18 Hornet Demo team will headline this year's show. A new feature for the show is celebrating aviation past as the show is planning several warbirds that will be performing including the B17 Flying Fortress, B25 Mitchel, C-47 Dakota and P51 Mustang. The SkyDrive format is being modified this year to include static display aircraft. Get your tickets today as the show is already 60% sold out!

## Welcome Aboard, Natalia!

Natalia moved here from Ivano-Frankivsk, Ukraine with her family one month ago. Numbers are her thing; she's always worked in finances in the Ukraine so we're fortunate to have her skillset join our team! She's enjoying meeting new people, doing some plane spotting, and thriving at her new role as a Financial Coordinator at London International Airport.
