## AIRSHOW LONDON

**North America's premiere airshow returned on Sept 9th through 11th. Great skies, an epic lineup and a huge turnout made the 2022 version of the show one of the most successful of all time.**

The airport hosted over 75 VIP guests on the Saturday of the show. A first of its kind since the inception of the airshow, YXU hosted airline and cargo partners, our tenants as well as new and old business partners and our Board of Directors.

On the Sunday, YXU had their first ever employee fun day complete with bouncy castles, great food and friends and even a new car showcase. A big shout out to Techdoz for sponsoring the event!

### AIRSHOW

- Over 40,000 spectators visited the SOLD OUT show.
- 330 air crew and over 50 military aircraft from all over North America participated.

- The F15 Eagle turned 50 years old this year and the show had a once in a lifetime Heritage Flight that included two F15 Eagles and the F22 Raptor in rare formation that honoured the occasions.

Construction on our main runway is in its final stages with completion on right track for the end of October.
